## **Taping/Photographing of Jamestown School Students**

The Jamestown Public School District regularly uses photographs and/or taping of students, parents and staff as part of its publicity program. The photographs maybe used in the JPS News District Newsletter, The Post-Journal, or for other publicity purposes. If a parent/guardian does not want their child's photograph/tape used for publicity purposes, they must contact their child's school office, in writing, to this effect. If the Jamestown Public School District does not have, in writing, that a child should not be photographed/taped, the district will assume that permission is granted. Any questions, please call your child's school office.
